ABOUT COMPANY

Welcome to Cyberdyne Technology Ltd., where we make technology work for you! We're all about providing software solutions, Digital Marketing and services that help businesses shine in the digital world.

At Cyberdyne Technology, our mission is straightforward: to make your business smoother, more efficient, and more successful. We've been on this journey since 2015, and our goal is to be the reliable associate your business can count on in the ever-changing digital scene.

Come to Cyberdyne Technology Ltd., where our love for developing cool ideas meets your business needs.

EXECUTIVE MESSAGE

Md. Ruhul Kuddus Mondol

MANAGING DIRECTOR

Cyberdyne Technology Ltd. is a Software & IT (Information Technology) Services Company for software design & development, installation, maintenance and outsourcing services. We are very passionate that our organization will provide great service in the software development industry. In terms of the implementation and arrangements of this software development process, we will provide greater depth, approach and strategy. Our service offering delivers the following features, benefits, and value:

- ❑ System study and requirement analysis
- ❑ In-depth functionality and process planning
- ❑ Data collection & mining methodology
- ❑ Data analysis & System design
- ❑ Developing of the system
- ❑ Implementation of the system
- ❑ Supervision of the implementation process
- ❑ Quality control, & QA certification
- ❑ Expertise development on project & program monitoring and evaluation
- ❑ Training on all system components will be provided in both English and Bangla.
- ❑ Technical support is available 24 hours a day, seven days a week to ensure quick resolution of any issues.

Cyberdyne Technology Ltd. brings to this endeavor more than 19 years of experience in enterprise solutions for the public & private. With the most talented IT personnel in the country we are feeling confident enough to participate in the EOI process as a successful bidder. We strongly believe, our expertise, skills and experiences are far enough to make the project a very successful venture for Aspire to Innovate Programme under Information & Communication Technology (ICT) Division and Cyberdyne Corporation both.

Thank you and please do not hesitate to contact me directly with any questions. I can be reached at -
(+880) 1715-313133

Sincerely,
Md. Ruhul Kuddus Mondol
Managing Director

On behalf of the company

VISION & MISSION

Vision

We have a straightforward yet powerful vision at Cyberdyne Technology: we want to be the partner you can always count on as you navigate the constantly changing digital world. Picture a future where every business, big or small, can make the most of technology to grow and succeed. That's what we're aiming for!

Mission

At Cyberdyne Technology, we're on a mission to help businesses, no matter their size, succeed in the digital age. We think technology should be a helpful tool that makes things easier and better and moves your business ahead.

We offer various services to support your business, including software solutions, digital marketing, and building websites. These are the tools we provide to make your business shine in the digital world.

HOW WE WORK

At Cyberdyne Technology Ltd., our solutions are designed to seamlessly integrate into your business operations, providing efficiency and driving growth. Here's a simplified breakdown of how it all works:

1. Tailored Solutions:

We start by understanding your business needs and challenges. Our team works closely with you to customize software solutions specifically addressing your requirements, whether sales management, point of sale (POS), or other business processes.

2. User-Friendly Interfaces:

Our software has intuitive interfaces, ensuring your team can easily navigate and utilize the tools without extensive training. The goal is to make technology work for you, not vice versa.

3. Streamlined Operations:

Once implemented, our solutions streamline your day-to-day operations. From managing sales efficiently to overseeing your business processes, Cyberdyne's technology simplifies tasks, saving you time and resources.

4. Website Building Made Easy:

In website building, we take the complexity out of the process. Whether you're establishing an online presence for the first time or upgrading an existing site, our services ensure a smooth and visually appealing digital presence.

5. Digital Marketing Magic:

Our digital marketing services, including SEO strategies, aim to boost your online visibility. We employ proven techniques to enhance your online reach, drive traffic, and ultimately increase your digital footprint.

6. Continuous Innovation:

Cyberdyne Technology Ltd. is committed to staying at the forefront of technological innovation. As new advancements emerge, we ensure that our solutions evolve to meet the ever-changing needs of your business.

7. Support Every Step of the Way:

We're not just a software provider but your partners in Success. Our team is here to provide ongoing support, ensuring that your technology solutions work seamlessly and effectively for your business.

8. Measure Success:

Our solutions are designed with Success in mind. Through analytics and feedback mechanisms, we help you measure the impact of our technology on your business, allowing you to make informed decisions and drive continuous improvement.

At Cyberdyne, it's not just about providing technology; it's about creating a tailored, user-friendly experience that empowers your business to thrive in the digital era.

MEET THE TEAM

Behind every successful project is a team of dedicated professionals. Meet the experts at Cyberdyne Technology who bring experience, creativity, and passion to the table. We're not just a team; we're your partners in success.
